## **§ 121-8. Dead or damaged trees.**

- A. In the event a tree is damaged or dead and is in imminent danger of causing damage to persons or property, said tree may be removed without first obtaining a tree removal permit therefor, provided that an application for tree removal is filed with the Building Inspector or other authorized official within 48 hours after such removal. The application shall contain a verification from a licensed arborist that the tree was damaged or dead and was in imminent danger of causing damage to persons or property.
- B. In the event the Building Inspector or other authorized official determines that a tree is damaged or dead and is in imminent danger of causing damage to persons or property, he/ she shall notify the owner of the property on which the tree is situated to remove said tree immediately. A copy of said notice shall be filed in the office of the Village Clerk. Failure to comply with such notice shall be a violation of this chapter.

## **§ 121-5. Application for tree removal permit.**

An application for tree removal permit shall be made in writing, on forms supplied by the Village of Pomona, containing the following documents:

- A. Four copies of application form including, at a minimum: name, address, e-mail address and telephone number of applicant; name, address, e-mail address and telephone number of the owner of the property; name, address, e-mail address and telephone number of the contractor performing the work; location of property, including address and tax lot number; number of trees requested to be removed; reason for removal; statement signed by the owner of property that he/she agrees to the work to be performed. Filing of the application shall authorize inspection of the premises by the Building Inspector and his/her authorized representative prior to issuance of a tree removal permit and thereafter until all work to be performed pursuant to said permit has been completed and approved.
- B. Four copies of the survey, site plan, plot plan or other drawing showing the location of all buildings and structures on the site, wetland and floodplain areas, slopes in excess of 35%, the location of trees requested to be removed and such other information as may be requested by the Building Inspector or other authorized official. Not more than three trees shall be approved for removal in any twelve-month period unless the trees are determined to be dead or dangerous to persons or property by a licensed arborist.
- C. If a contractor is performing the work, one copy of the contractor's county license and insurance certificate showing liability, workers' compensation and disability insurance coverages.
- D. Payment of the fee in accordance with the fee schedule approved by resolution of the Board of Trustees.
